REMARKS *yes* Dr Vorona just informed me that Rose has asked for an update briefing. Vorona will do it tomorrow. I provided a number of key briefing points on the Army program. Please note that Vorona indicated that yesterday he called the Project Officer at MICOM (Redstone) for data, but only part of it came through clearly. I am disturbed that Dr Vorona has taken to telephoning our separate program elements for info. Strongly recommend that IS or ZA ask Dr Vorona to deal with the DA staff on the matter. It was MICOM who put out bad info to Rose's staff last summer, which resulted in a massive effort to straighten the issue out. We certainly don't need a repeat. It is *also* notable that once again the initiative for update briefing came from Rose's office and not from DoD.
